Somos El Barco – verses

The stream sings it to the river, The river sings it to the sea
The sea sings it to the boat that carries you and me

Now the boat we are sailing in was built by many hands
And the sea we are sailing on, Touches many sands

O the voyage has been long and hard and yet we' re sailing
still
With a song to help us pull together, if we only will

So with our hopes we raise the sails to face the winds once
more
And with our hearts we chart the waters never sailed before
